NOV/DEC, 24

BONAFIDE CERTIFICATE

Certified that this project report " **Eternal Elegance** " is the bonafide work of **"**

Mahima R (220701156) **"** who carried out the project work under my supervision.

SIGNATURE

Mrs.JANANEE.V
Assistant Professor ,
Computer Science and Engineering,
Rajalakshmi Engineering College
(Autonomus)
Thandalam, Chennai - 602 105.

Submitted for the Practical Examination held on_____

INTERNAL EXAMINER   **EXTERNAL EXAMINER**

ACKNOWLEDGEMENT

I express my sincere thanks to my beloved and honourable chairman **MR.S.MEGANATHAN** and the chairperson **DR.M.THANGAM MEGANATHAN** for their timely support and encouragement.

I am greatly indebted to my respected and honourable principal **Dr. S.N.MURUGESAN**for his able support and guidance.

No words of gratitude will suffice for the unquestioning support extended to us by my head of the department **Dr. P. KUMAR**, and my Academic Head **Dr.SABITHA**, for being ever supporting force during my project work.

I also extend my sincere and hearty thanks to my internal guide **Mrs. JANANEE V** for her valuable guidance and motivation during the completion of this project.

My sincere thanks to my family members, friends and other staff members of Computer Science and Engineering.

MAHIMA R   2116220701156

ABSTRACT

Eternal Elegance is an innovative event management platform designed to make planning weddings, birthdays, and ceremonies effortless and enjoyable. By offering a fully integrated, user-friendly online solution, the website allows clients to seamlessly plan every aspect of their events from the comfort of their homes. Whether it's venue selection, catering, decor, or entertainment, Eternal Elegance provides a comprehensive range of services that can be tailored to meet the unique needs of each celebration. Our goal is to simplify the planning process, offering clients a stress-free experience and the ability to create unforgettable events with ease.

The website features dedicated pages for Wedding, Birthday, and Ceremony bookings, where users can easily navigate through options for venues, food, decor, and more. Each page is designed to cater to the specific type of event, allowing clients to select from a wide variety of services and customize them according to their preferences. The platform's intuitive design ensures that all event details are clearly organized, giving users complete control over the planning process while saving time and effort. Eternal Elegance empowers clients to bring their event visions to life with a few clicks, making the planning process both efficient and enjoyable.

In addition to the core booking services, Eternal Elegance offers a vibrant "Addons" section, allowing users to enhance their events with additional items like balloons, flowers, lighting, photography, and other special touches. This section is visually engaging, featuring animations and colorful designs to make browsing fun and interactive. Users can easily add or remove items, and if no addons are selected, a creative message adds a playful touch to the experience.

TABLE OF CONTENTS

CHAPTER 1
INTRODUCTION

1.1 INTRODUCTION

Eternal Elegance is an all-in-one online event management platform designed to simplify the planning and execution of weddings, birthdays, and ceremonies. By bringing all necessary services under one digital roof, the platform enables users to manage every aspect of their events with ease. From venue selection and decor to catering and entertainment, Eternal Elegance offers a wide variety of customizable options to fit any event's theme, size, and budget. The platform is tailored to save time, reduce stress, and deliver a smooth planning experience, making it ideal for individuals who want to curate memorable and seamless events without the hassle of traditional methods. With a user-friendly interface and robust features, Eternal Elegance brings the entire event planning process online, ensuring a convenient and enjoyable experience.

1.2 SCOPE OF THE WORK

Event planning has traditionally been a complex and time-consuming process, often requiring individuals to coordinate with multiple vendors, venues, and service providers. From organizing a wedding to hosting a birthday party or a ceremony, the need to juggle numerous details—such as venue selection, catering, decorations, and entertainment—can make the planning experience overwhelming. In recent years, the rise of digital platforms has opened up new possibilities for simplifying this process, allowing users to handle multiple aspects of event management online. However, many existing platforms are either too fragmented or fail to offer a fully integrated solution that covers all elements of event planning in a user-friendly and efficient manner.

Eternal Elegance was conceptualized to address this gap by offering a comprehensive, one-stop solution for managing and organizing events of various types and sizes. The platform is designed with modern users in mind, providing an intuitive interface that enables them to plan their entire event—whether it's a wedding, birthday, or ceremony—quickly and conveniently online. By offering customizable services and an "Addons" section, Eternal Elegance ensures that users can personalize their events down to the finest details. Additionally, the platform

provides interactive design elements and animations to make the event planning process more enjoyable and engaging**.**

1.3 AIM AND OBJECTIVES OF THE PROJECT

The primary aim of the Eternal Elegance project is to provide a seamless, efficient, and comprehensive event planning platform that simplifies the management of weddings, birthdays, and ceremonies. The objectives of the project include:

- **Develop a user-friendly platform**: Ensure that the website is easy to navigate, with intuitive interfaces for booking venues, selecting decorations, arranging catering, and other event services.

- **Provide customization options**: Allow users to personalize their event by offering a wide array of services and addons that can be tailored to suit their preferences and event themes.

- **Integrate an Addons feature**: Create an interactive section where users can browse and select additional items like flowers, balloons, photography, and more, with visual feedback and animations to enhance the user experience.

- **Offer full event management online**: Enable users to handle all event planning tasks digitally, from start to finish, reducing the need for offline coordination.

- **Ensure support through Contact Us page**: Provide responsive customer support to assist users with their event planning needs and technical queries.

These objectives collectively aim to streamline the event management process, making Eternal Elegance a go-to platform for organizing events with ease and creativity.

CHAPTER 2

SYSTEM SPECIFICATIONS

2.1 HARDWARE SPECIFICATIONS

The hardware specifications for this project include a server or local machine capable of hosting the database (MySQL) and web server (e.g., Apache) for handling the task management system. The system can be run on standard hardware with at least 4GB of RAM and a dual-core processor for efficient performance. A reliable internet connection is necessary for data fetching and user interaction with the web-based interface. Users can access the system via any device (PC, laptop, tablet, or smartphone) with a modern web browser. No specialized hardware is required beyond the hosting server and user devices.

## 2.2 SOFTWARE SPECIFICATIONS

The front-end of the project uses HTML for the structure and layout of the web pages, ensuring semantic and well-organized content. CSS is employed for styling, with Bootstrap included to achieve a responsive design, making the application accessible on various devices. JavaScript adds interactivity and real-time updates, allowing for a dynamic user experience.

On the back-end, PHP is utilized for server-side processing, managing user requests and interacting with the database. For data storage, the system relies on MySQL, which securely manage and store user data, tasks, and other relevant information.

CHAPTER 3

ARCHITECTURE DIAGRAM

Ceremony Booking Page
Check Availability → Select Date → Venue Selection → Officiant Booking → Decoration → Guest List → Payment

Wedding Booking Page
Check Availability → Select Date → Venue Selection → Catering Options → Decoration → Guest Management → Payment

Birthday Booking Page
Check Availability → Select Date → Select Package → Add-ons → Guest List → Payment

Event Management Website
Homepage → Login Page → Registration Page → Dashboard → Event Categories → (Birthday Booking Page, Wedding Booking Page, Ceremony Booking Page)

CHAPTER 4

MODULE DESCRIPTION

4.1 Homepage Module

The Homepage serves as the entry point to the Eternal Elegance platform. It provides users with an overview of the services offered and easy navigation to the key event planning pages. The homepage highlights the primary event types—Weddings, Birthdays, and Ceremonies—and offers a direct link to the Addons page for additional services. It is designed with user-friendliness and aesthetics in mind, ensuring smooth navigation and a welcoming experience.

4.2 Wedding Booking Module

This module is dedicated to planning and booking wedding events. Users can browse various options such as venue selection, catering, decor, and entertainment tailored to wedding themes. The module allows users to customize each aspect of the event, ensuring that the wedding reflects their preferences and vision. The booking process is simplified with clear steps guiding users through the available choices, including rates and descriptions for each service.

4.3. Birthday Booking Module

The Birthday Booking Module allows users to plan birthday parties with ease. It provides options for selecting venues, themes, decorations, and entertainment specific to birthday celebrations. Users can choose catering options, birthday cakes, and party favors, making it a comprehensive solution for birthday event planning. Like the Wedding Module, this section offers flexibility in customization, with a seamless booking process.

4.4 Ceremony Booking Module

This module caters to various ceremonies, such as anniversaries, engagements, or other intimate gatherings. It provides users with customizable options for venues, food, decor, and entertainment, all tailored to suit a range of ceremonial events. Users can select from various pre-defined packages or customize their ceremony according to their specific needs.

4.5. Addons Module

The Addons Module is designed to enhance the user experience by offering additional event services. Users can browse items like balloons, flowers, lighting, candles, photography, and more. Each item is displayed as a card, allowing users to easily add or remove items from

their event list. This module features interactive animations and a colorful design, making the selection process enjoyable. When no items are selected, a creative message appears to keep the user engaged.

4.6. Cart Module

This module allows users to review the services and addons they've selected. It provides a summary of all chosen items, including venues, decorations, and addons. Users can modify their selections before finalizing the booking. The cart also displays the total cost, giving users a clear understanding of their expenses.

4.7. Contact Us Module

The Contact Us Module provides users with a way to reach out for inquiries, assistance, or support regarding their event bookings. This section allows users to submit their questions or concerns, which are addressed by the Eternal Elegance team through email or phone. This module ensures smooth communication and a helpful user experience.
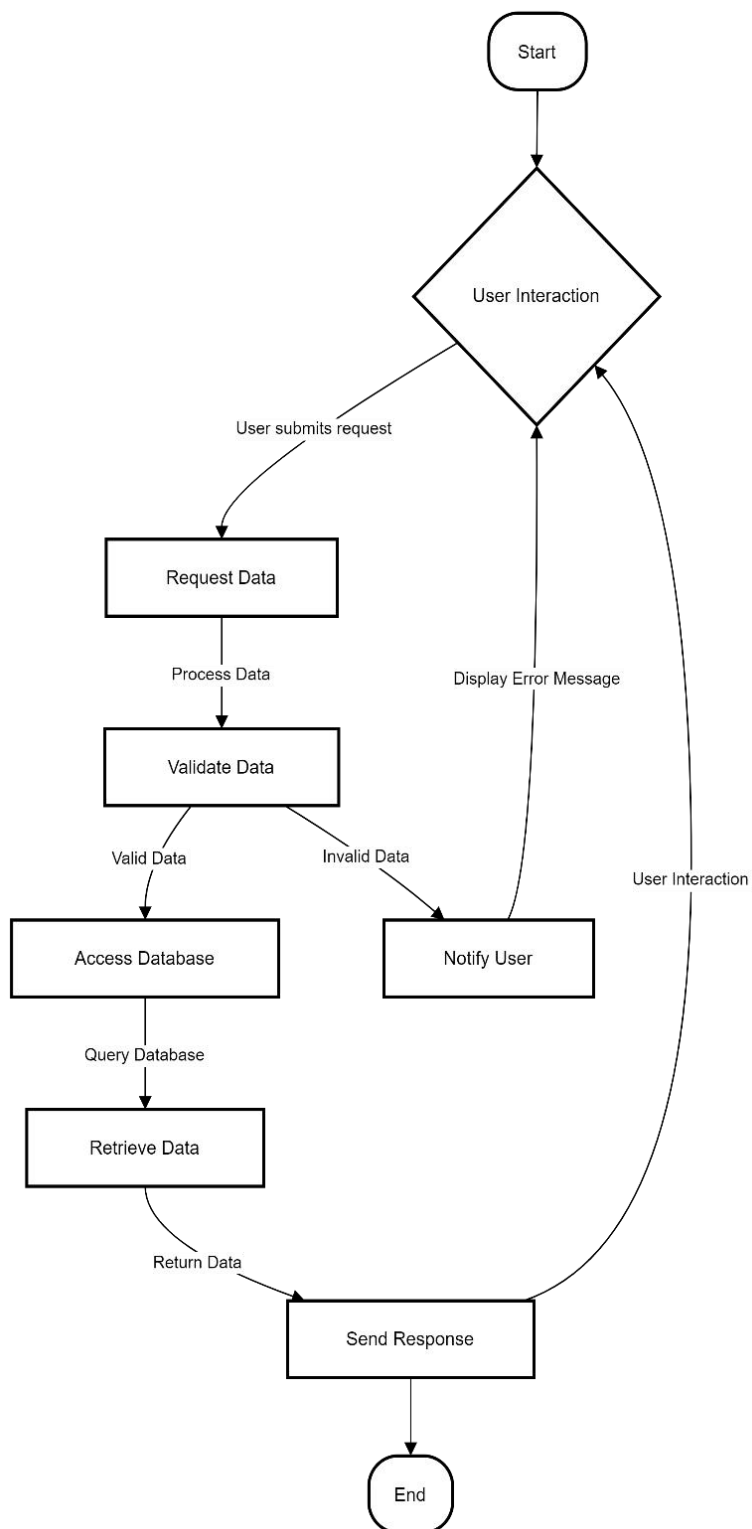

4.8. Database Module

The Database Module is responsible for storing and retrieving all event-related data. This includes user selections, event details, addons, rates, and booking information. The database is structured to allow fast and efficient retrieval of information, ensuring smooth booking and transaction processing.

These modules work together to offer a seamless event planning experience, making Eternal Elegance a comprehensive solution for organizing weddings, birthdays, and ceremonies entirely online.

CHAPTER 8

CONCLUSION

Eternal Elegance is a comprehensive and innovative solution for effortless event planning, designed to cater to weddings, birthdays, and ceremonies with complete flexibility and customization. By integrating essential event management features such as venue booking, catering, decor, and entertainment into a user-friendly platform, it simplifies the planning process and saves valuable time for clients. With its unique Addons module, clients can further enhance their events by selecting additional services, all while enjoying an interactive, visually engaging experience.

The platform's seamless navigation, tailored event pages, and efficient booking system make it an all-in-one solution that caters to diverse event needs. Whether planning an intimate gathering or a grand celebration, Eternal Elegance delivers convenience, creativity, and reliability, ensuring that every event is memorable and stress-free. As it continues to evolve, Eternal Elegance strives to provide users with an even more robust, feature-rich experience, transforming the way events are planned in the digital age.
